Reimbursement & Coding Seminar For
Cardiology

A full day of coding for physicians and staff given by:

Ms. Rhonda Granja,
B.S., C.P.C., C.M.A.

Reimbursement Difficulties?

While costs go up and revenue is lower, it is tough! We can assist NOW!
Correct and accurate coding is the essential ingredient.
Complete & rightful reimbursement is possible!

Tuesday, April 27, 2010
Grand Rapids, Michigan
Hilton Hotel
4747 28th Street S.E.
(Grand Rapids, MI 49512)

(Seminar is from 9 am - 4:00 pm)

Special Section: 2010 Diagnosis Coding Update introduces new & revised codes that impact Cardiology. We'll review those changes & bring the latest from hundreds of CPT changes for 2010.

Bring examples of your coding and reimbursement problems. We'll find the specific Cardiology solutions together!

(PLEASE BRING YOUR ICD-9 & CPT BOOKS)

McVEY
ASSOCIATES, INC.

24th Year

C

Correct Reimbursements From Medicare, Managed Care & Indemnity Payers

- Correlating your coding: Prospective payment means making those diagnoses count! Don't lose out on money that's rightfully yours. The proposed new guidelines will be discussed for your protection.
- Document and code for what you do. We must code from clear & concise procedure notes to withstand any carrier question or audit. We have answers and how to accomplish.
- Modifiers a key to opening the door to accurate reimbursement. Dealing with the latest definition of the -25 modifier could impact an increase or decrease in your revenue. It depends on your understanding and working within the new guidelines. We'll explore Cardiology's use of them all, including the AI modifier relating to consults.
- Many cardiology specific procedure codes and definitions for the past few years changed. What about changes and "clarifications" in 2010?
- Bundling vs. unbundling by the payers. Medicare's CCI will give you a great start towards compliance. A new tool is now available.
- There are many CPT code changes, deletions or additions in 2008. Definitions on E & M documentation are expanding. We'll give you the latest for Cardiology in 2010.

L

Learn Cardiology Coding Techniques That Work!

- Advance information on the expected changes in Medicare billing and the new coding requirements. CPT changed how to use their book. Know the approaches to avoid extra work.
- Using both Volumes I & II to code ICD-9 diagnoses correctly - Coding to the highest degree of specificity is required for accuracy & payment: The "V" & "E" codes - when to use them for less billing hassle. How to include narrative "Rule Outs" in medical record documentation to improve reimbursement. **There are many 2010 ICD-9 changes effective October 1, 2009.**
- Exercises in Coding: Doing it right for Cardiology by reviewing your codes and making them work for you. Latest CMS word on consult vs. referral? When is it medical management of a patient vs. transfer of care?
- Guidelines for HCPCS Coding: We'll show you when to use both levels. Use all of the coding "Extras:" Modifiers, Special Procedures & Reports, Coding ICU visits and your special needs. What about year 2010 changes for diagnoses & procedure codes?

A

Advanced Cardiology Coding Techniques Ease Paperwork

- How do we capture Carotid Stenting in 2010?
- EECF Plethysmography, T-Waves Alternans - when to bill - the latest guidelines.
- Getting paid on the first insurance form submission. Learn what works! It is different between private, government & managed care insurers. Be aware of computer audits on ICD-9 vs. CPT in Medicare's Correct Coding Policy. You'll learn how to cut down on payment turnaround time.
- The latest on "non-selective" cath placement rules - guidelines, revisions.

.....

CAN'T ATTEND?

Note:

TAPES/CD ON THIS TOPIC: 2 or 3 audio CD's, workbook & S/H costs (allow 3 to 4 weeks **after we receive your order in house for shipment**)

HANDLE SPECIAL CARDIOLOGY SITUATIONS

- Electrophysiology changes
- Proper reimbursement for Echocardiograms w/ Doppler and color flow scans - latest on frequency rules
- Defibrillator or Pacemaker monitoring - telephone or in office - single or dual chamber follow- up guidelines
- Complete coding for heart catheterizations done at the same session as angioplasty - what to charge and what not to charge
- The latest EKG interpretation guidelines from CMS
- How to get properly reimbursed for critical care
- Coding emergency procedures after a "consultation" / E & M.
- Radiology supervision codes
- How about the new drug-eluting stents?
- Coding different "approaches" for stents & plasties

Learn How To

About your seminar leader: Rhonda Granja

Rhonda Granja, B.S., C.P.C., C.M.A. is an administrator, coder, biller and management consultant with 15 years of successful work in varied healthcare practices. From Medicare "Part B" side, administrator in private practice, "fighting it out" with insurances, consulting with varied specialties on-site, and active membership in AAPC & MGMA in support of fellow office managers, she has a rich background. From a practice consulting business to continuing on-site management, Rhonda's experience is unique and comprehensive. Attendees, or consulting clients, have the opportunity of learning solutions to their insurance problems from "real world" experience, both in Rhonda's instruction and the "on-site networking" in our specialty only workshops. Ms. Granja is committed to assisting medicine oriented specialty practices in taking charge; to stop being "controlled" by patients, insurance companies, managed care and governmental agencies. Please join with your fellow Medical Specialty offices for her unique seminar day discovering solutions together.

Terry L. McVey, President

Beginning October 2009 there were hundreds of new, revised or deleted ICD-9 codes. We'll have the latest for you on hundreds of CPT 2010 changes, and those impacting Cardiology.

* If you have a fax machine & charging by credit card: You may fax registration form: (415)892-1271

WE PROVIDE ANSWERS

- Now that CMS has abandoned E & M clinical examples, understanding the CPT code documentation is all important. Which guidelines are appropriate for our office?
- Can I bill for 3 or more stents in the same vessel?
- CMS has eliminated payments for consultations. Now what?
- What E & M service should be used instead of consult codes?
- Can I bill for the S & I's (93555 & 93556) for each injection procedure during a heart cath?
- Our office has problems coding concurrent care. Is there a secret to getting paid correctly the first time without delays?
- My physician is making aorto-iliac injections. How do I code for these?
- What's the best way to get reimbursement on an echocardiogram when the result is a normal test?
- What's your suggestion on getting paid for a bilateral ileofemoral injection procedure?
- Visit & procedures on same day - How do I code? Is there a modifier issue?

The McVey Guarantee

We unconditionally guarantee your full tuition for up to one year. After attending, if you did not feel the investment worthwhile, please write to us with your comments. We believe in the value of our seminars and services - and we think you will too!

For More Information

If you have any questions regarding this seminar, the recordings available, on-site seminars or consulting please call TOLL FREE: 1-800-227-7888.

The McVey staff welcomes your questions and we're here to help!
